Worth The Risk.

It is said that kissing destroys the sense of smell. A young fellow will risk it with his best girl if it destroys all the other four senses except taste, and he would show a want of sense and taste if he didn't!

In Debt 150 Years.

There is a colored character, "Chicken" Adams, living at Danville, or somewhere else, who owes the State 150 years in jail. "Chicken" started in on a 30 days' term, but escaped so often, and every escape multiplied his time by ten, that he has already served six years, and yet owes 150 years. Although he took "French leave" a few days ago with a 16-foot log chain hanging to him, he is still treading unknown paths.

Not So Strange After All.

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Kish, Wabash, Ind., writes: "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

Every Editor's Experience.

When the editor of a county newspaper starts in on Monday morning to get up something for his paper in the way of interesting local news and finds after nosing around that nothing has happened in the town or community that he can frame up a write of, and nobody's phones in any personal or local news, and every fellow he talks to says: "I don't know anything," and his liver is not working and he feels as though he had just as soon take a round with Huerta as to go to work, that's the time he would like to turn the job over to the Smart Aleck who thinks he could get up a better paper than the editor and not half try.—Kilgore Chronicle.

Score One For Somerset.

Elizabethtown had a union prayer meeting last Wednesday night for the purpose of praying for rain and in 24 hours thereafter the earth was drenched. "The prayers of the righteous availeth much!"—Elizabethtown News. Shucks, you ain't got nothin' on us, Harry! Somerset called a prayer meeting for Tuesday morning to pray for rain and we had a soaker on Monday night, followed by a regular gully-washer on Tuesday night and for several nights succeeding. Best people on the earth live in the mountains of Kentucky.—Somerset Journal.

Wit and Wisdom.

When a man kills another man it is because he hates him. But when a woman kills a man it is because she loves him.

Some widows stop wearing mourning at the end of a year. Others keep it on until other men begin to show signs of interest.

A good poker player may also be described as one who can play his cards without reference to the height of the stack of chips in front of him.

Men are not born free and equal, and the theory that one man is as good as another is fallacious.

You are too free with your money if any of it goes toward the support of a prophet.

If a man succeeds they say he is a lucky dog. If he fails they say he is worthless and inefficient.

Anybody can pitch with two down and nobody on. But when the bases are full and nobody out, the gentleman with a lump in his thorax is disqualified.

It is true that when a man dies he can not take any of it with him, but he had it while he was here.

Women excel men in the respect that they go to the devil quicker, once they make a start.

Give a woman a chance to get into it and she is willing to overlook the shortcomings of society.

Some day June will also be considered the bridegroom's month—but not if the suffragettes get to running things.

Some people are so suspicious that they are never sure they won't get hurt on the corners of a square deal.

Some blessings in disguise seem to have the disguise glued on.

Land, Stock, Crop

It is estimated that Lexington will ship 1,000,000 pounds of blue-grass seed to Europe this year.

It cost the farmers of the United States more than \$15,000,000 a year to fight insects.

There is a greater demand for thoroughbred stock than at any previous time in Kentucky's history and prices are good.

It is a good plan to grow for silage the variety of corn grown in your vicinity for the grain crop. Corn produces more silage to the acre than any other silage plant.

The Nashville mule market is about as follows: Mules of 14 hands, \$85 to \$100; 14 1-2 hands, \$100 to \$105; 15-hand mules, \$125 to \$175; 15 1-2 hands, \$150 to \$200; 15 hands, \$175 to \$275.

The average prices of stock on the Chicago market last week were: Cattle, \$9, hogs 8.90, sheep 5.40 and lambs 8.80. Corresponding week of last year the average prices were: Cattle 8.25, hogs 9.15, sheep 4.50 and lambs 7.85.

Federal Judge Landis, of Chicago, recently assessed fines aggregating \$30,000 against various railroads for violation of the law which provides that live stock in transit shall not be permitted to go longer than 28 hours without food and water.

At Mt. Sterling court there were 1,500 cattle on the market, quality better than usual. Trade good; much better than at last court, the rains of last week putting new life in the cattle trade. Prices were a shade higher, good 700-pound steers selling at 7 1-4c. There was a few 900-pound steers that sold at about same figure. Heifers brought 6 1-2 to 7c, the latter for fat stuff. Cows sold at 5 to 6c, some fat ones bringing 6 1-2c. Old cows and rough oxen at 3 1-2 to 5c. Export cattle are being shipped from Montgomery county now, selling at 8 to 8 1-2c. A number will be shipped from there in August and September.

When you yawn a good deal in the daytime, feel dull, achy and want to stretch frequently it is an unmistakable symptom of malaria, and unless you do something at once you are booked for a spell of chills. HERBINE is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malarial germ thrives, strengthens the liver and cleanses the bowels. Price 50 cents. Sold by Wines' Drug Store.

Bad Year For Fairs.

An account of the drouth, Paris, Columbia and Danville Fairs have been called off this year.

If He Only Would.

"We do not mind the ads seen of soap, tooth-paste, and other things, but there's one class that gets our goat; we'd like it stopped; we would, by jingo! If Mr. Constock would wake up and get his gun for those gents who sit around in decollete underwear and shoot 'em, he'd display good sense!" says an exchange.

Kind Man.

"You don't know how to handle a woman," said Mr. Peck. "Keep your mouth shut and don't talk back when she is roasting you. Why do you argue with your wife?" "Oh, well," replied Mr. Gabb. "The poor woman is entitled to a little pleas ure once in a while!"—Cincinnati Enquirer.

Nights of Unrest

No Sleep, No Rest, No Peace With a Lame or Aching Back.

Weariness is the lot of many a kidney sufferer.

Pain and distress from morn to night. Get up with a lame back. Twinges of backache bother you all day.

Dull aching breaks your rest at night. Urinary disorders add to your misery. If you have kidney trouble, reach the cause—the kidneys.

Doan's Kidney Pills are for the kidneys only.

Have made an enviable reputation in Richmond.

Mrs. Morris Peel, 412 Walnut street, Richmond, Ky., says: "I suffered from my back and nothing seemed to help me. My kidneys were out of order. I didn't sleep well and mornings when I got up I felt tired. My supply of Doan's Kidney Pills was procured at Middleton's Drug Store and they did me a world of good. The pains left and my kidneys became normal."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Peel had. Foster-Milburn Co., Proprietors, Buffalo, New York.

Reaches the Crux.

The August Confederate pension distribution will run well above \$100,000. State Pension Commissioner W. J. Stone has 2,903 pensioners on the roll, but 200 of these have died since their pensions were allowed.

"At the present death-rate among the veterans," said Mr. Stone, "I believe we have reached the high-water mark and the deaths will practically keep pace with the additions to the pension list from now on."

The act of 1914 amending the pension law to permit Confederate soldiers who took the oath of allegiance during the war under duress and in fear of death to secure pensions, has raised difficult questions, and Commissioner Stone is requiring proof that the applicant took the oath under such conditions.

"To do otherwise would be unfair to those veterans who fought it out," he said. "They must bring in proof to support their claims. To allow a veteran who took the oath of allegiance during the war to come in here and on his own mere affidavit that he verily believed he would be killed or die of starvation or disease when he took the oath, while those who fought throughout the war or served their time in prison are compelled to get up proof, would give those who took the oath a great advantage."

The Difference.

Up in Connecticut the spinsters who have to work for their living have organized on the basis that each woman shall be paid a man's wages. Down here in Kentucky when a miss makes up her mind that she must have a man's wages she marries him.—Lexington Herald.

Government Buildings to Be Erected in Kentucky

A bill has passed the House and is now before the Senate allowing \$1,500 for the purchase of a site for a public building at Glasgow; \$1,900 for a site at Harboursville; \$5,000 for one at Elizabethtown and \$4,500 for ground at Hodgenville.

If you sit in a cool draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on BALLARD'S SNOW LINIMENT and don't be talked out of it, because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1 a bottle. Sold by Wines' Drug Store.

A Wife's Surprise.

Once Upon a Time a Man who had been Married for Fifteen Years came Home and put his arms around his wife and said: "Kiss me, Sweetheart. I miss you so much when I am away from you!" And his wife went upstairs, selected a soft spot on the floor and threw Nine Pins!

After The State Primary.

According to the gossip from Frankfort, after Saturday's primary there are to be a number of announcements for State offices to be voted for next year. Auditor Henry M. Bosworth, Attorney General James Garret and Commissioner of Agriculture J. W. Newman are expected to be candidates for Governor; Thomas S. Rhea, the present State treasurer, is said to have been looking with eager eyes towards the juicy plums in the Auditor's office, and he, it is stated, will certainly be a candidate to succeed Auditor Bosworth, while Claude Terrell, ex-Speaker of the House of Representatives, will, it is predicted, become a candidate for State Treasurer.—Lexington Leader.

And don't overlook Madison county's candidate for Auditor, Hugh H. Coyer, who has been an announced candidate for that office for some months.

Infection And Insect Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects Cuts, Bruises and Sores. You can not afford to be without it in your home. Money back if not satisfied. Only 25c. at your Drug Store.

Without Conscience.

The man without a conscience will grant any request made of him and his conception of right and wrong is of the lowest type. Who would sell a youth to such a man for a moral uplift, for the best advice he could give would be, "do not be a traitor to true friendship, as I have been, but do as I tell you."

A brother editor observes that with the summer girl in full swing at the seashore, the other best bet is whether father will be able to liquidate for the entire performance or go into bankruptcy.

A household remedy in America for 25 years.—Dr. Thomas' Electric Oil. For cuts, sprains, burns, scalds, bruises. 25c and 50c, at all drug stores.

Freak Insurance.

It has become quite the fashion lately to have some part of the body insured against accident. An American actress, for example, who was recently appearing at a London theatre, insured her eyes, upon whose power of fascination she relied very largely for her effects, for \$30,000.

Similarly, Caruso has his voice heavily insured, whilst the hands of Paderewski, the great pianist, are said to be insured for about \$250,000. Many artists, of course, insure their hands, and not long ago a noted scientist, on account of the heavy strain imposed by research work on his eyes, decided to insure his vision.

Countless "freak" insurances also have been effected. To take a case in point, a certain erstwhile society beauty, terrified lest her nose, which is at once her pride and crowning glory, should be damaged in a motor accident, has for ten years past regularly been paying an extravagant premium in order that she may at least get some compensation if a "road-hog" or unforeseen occurrence mar her beauty.

Constipation Causes Sickness
Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose to-night. 25c. at your Druggist.

Meet August 15.

The State Election Commission will meet August 15th to canvass the election returns of the last Saturday's primary to declare the nominee for United States Senate.

Wouldn't Look Well in Print.

A school girl was required to write an essay of 250 words about an automobile. She submitted the following:
"My uncle bought an automobile. He was riding in the country when it busted going up a hill. I guess this is about 50 words. The other 200 is what my uncle said when he was walking back to town; but I don't care to write them down!"

Constipation is the starting point for many serious diseases. To be healthy, keep the bowels active and regular. HERBINE will remove all accumulations in the bowels and put the system in prime condition. Price 50c. Sold by Wines' Drug Store.

Anything For Peace.

The spirit of universal peace is spreading over the earth and has recently reached a Portland, Maine, boy. The Kennebec Journal tells this story:
"What's the shape of the earth?" demanded the boy's teacher.

"Round," he replied, confidently.
"How do you know it's round?" persisted the teacher.
"All right," replied the boy; "it's square, then. I don't want to start an argument about it!"

Be Loyal or Get Out.

Don't knock your boss or the business you are in.

If you don't like the business, tell him so—don't go on rapping him behind his shoulder blades.

If you don't like the business your boss is in, get out of it. You can resign any day, you know—there's no string to you; the business will chisel right along after you have gone.

But, for the love of Pete, don't let your boss keep you in three squares per day; don't let him keep on giving you an opportunity to pay for your clothing, rent and other necessities of life, if you are going to stab him in the back.

If you cannot be loyal, get out!—Boston Post.

Water and soap are cheap enough, but the fellow who is always yelping about Jawm Dee Rockefeller having all the money is usually a guy who hasn't had a bath since the Spanish-American war.

Apply a cotton cloth wet with BALLARD'S SNOW LINIMENT to all wounds, cuts, burns, sores or blisters, and note its wonderful healing power. It is prompt and very effective. Price 25c, 50c and \$1 a bottle. Sold by Wines' Drug Store.

Disappointment of The Temperance People.

The new book of statute laws adopted by the last Legislature has just been received in Danville and no sooner than it had arrived, lawyers discovered that the alleged stringent local option law is loaded to the guards and is a snare and a delusion of the purest ray serene.

This will be a great disappointment to the temperance people, as they were of the opinion that the last Legislature was dominated overwhelmingly by temperance leaders, but the law in reality deals a severe blow to the temperance cause, inasmuch as liquor in quantity, from a pint to a hundred barrels, may be shipped from Lawrenceburg, Lexington, Somerset or any other point to Danville or any other dry territory.

Absolutely the only provision in the law regarding the shipment is that the package containing same must be marked "for personal use."

Under the old law an individual could not have over a gallon of liquor shipped and that must come from outside the State. The new law kills the effects of the National Webb law, if there is any merit in that law. However, it is generally conceded that the Webb law is practically without effect so far as the suppression of the sale of liquor is concerned.

In Covington the whisky firm of Kriger & Kriger attempted to ship eight quarts of liquor to a man in Williamsburg, in Whitley county. The Adams Express Company refused to accept the shipment, claiming it would be illegal.

Under the new local option law the whisky firm filed proceedings in the circuit court before Judge Tracy to compel the Express Company to accept and deliver the liquor, although the shipment was to take place wholly in the State of Kentucky. Judge Tracy decided in favor of the whisky firm and the Express Company was forced to accept the shipment of liquor in Covington and deliver it to the consignee in Williamsburg.—Danville Advocate.

Winchester "Wets" to Test Local Option Law.

It is the plan of the Winchester "wets" to have separate elections on the liquor question in the city and county. Petitions to this effect have already been circulated, but it was stated by a saloon man that the petitions were being prepared in order to make a test of the county unit law, should the city vote wet, why the county as a whole went dry.

Advice to Boys.

Boys, did you ever know, or can recall a single person who, spending his own way to make in the world, spent his time on the streets, in billiard saloons, around hotels, or in any form of dissipation or idleness, to succeed in life in an eminent degree in any enterprise? Look over your list of friends and acquaintances and note their course. Do you not find on examination that those who are today men of influence and honor were the youths who made the most of their valuable time, turning it to good account? And on the other hand do you not find those who stood on the street corners with a cigar or cigarette in their mouths went from bad to worse, from worse to ruin? Sadly must the answer be made—they have failed! Will you not profit by their example? Fix your eyes on some noble object—be a man among men!

Another Destructive Fire At Bourbon Stock Yards.

More than five acres of buildings at the Bourbon Stock Yards, at Main and Johnson streets, Louisville, was a mass of smouldering ruins Monday night last, following one of the most disastrous fires in the history of that city. Between 800 and 1,000 sheep in the pens fell victims to the flames, despite all efforts to save them.

The fire spread to the East Louisville yards of the Louisville & Nashville Railroad Company and 40 cars on a siding, filled with merchandise and grain, were destroyed.

The freight depot in the yards also burned to the ground.

A score of private dwellings in the neighborhood were damaged or destroyed by the flames.

The total loss is estimated at between \$300,000 and \$350,000. Of this amount the loss to the Bourbon Stock Yards Co. is estimated at \$175,000, while the remainder will fall on the railroad company and a score or more commission merchants.

The loss is practically covered by insurance.

A True Story.

Eight years ago almost to a day, John L. Sullivan, unshaven and unkempt, emerged from the bar of the Grand Hotel, at Broadway and Thirtieth street, stood for a moment looking back at the door and then walked uncertainly uptown. It was 8 o'clock in the evening and the ex-pugilist brushed shoulders with well-groomed people hurrying to the theatres. He was the derelict of the street. On his face there was a half smile, but it wasn't a pleasant one. At the corner of Thirtieth street he met "Morry" Cohen and a newspaper man, with both of whom he was acquainted. He growled something incoherent in response to their greeting and was apparently about to pass on. But he paused beside them, and said: "I've just been turned down in that bar-room for a last drink," he said. "I wanted one drink more and didn't have the price. They didn't give it to me. They put me out. They didn't send the proprietor or manager to put me out; they sent the porter. I've spent \$5,000 over that bar, and they put me out because I wanted a drink and couldn't pay for it. There's only one thing you can figure out of a proposition like that: Quit drinking! Tonight I quit!"

That's the true story of John L. Sullivan's last drink. Eight years have passed and the John L. Sullivan who was tottering then on the edge of the gutter, looks eight years younger today than he did that night. And he has a hundred thousand dollars.—Cincinnati Times-Star.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill."

I wish every suffering woman would give

a trial. I still use Cardui when I feel a little bad, and it always does me good."
Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

MARRIED

Reuben Turpin and Miss Lottie Lee Hamilton, both of this city, were married on Wednesday, 29th ult., the ceremony being performed by Rev. A. J. Tribble, at the latter's home.

We take pleasure in announcing the marriage of Miss Kate Miller, of Richmond, Ind., and Mr. Otto Cooper, of Campbelltown, Ind., on Wednesday, July 22d. The bride is a sister of Mrs. Edgar Blanton, of this city, and Mrs. W. P. Gilkerson, of Lexington. She is a beautiful young woman, and is all that goes to make a loving helpmeet to the man of her choice. The groom is a worthy young man and a prominent merchant of his city. The Climax extends to the happy pair its hearty congratulations and good will.

Reeves-Simms.—A very pretty wedding was solemnized in the parlor of Rev. W. M. Williams' residence on Wednesday afternoon, July 29th, when Mr. James K. Reeves and Miss Bobbie Simms were united in the holy bonds of matrimony. The occasion was a quiet one, only a few friends being present. The happy couple after the ceremony left for the home of the groom, where an elegant supper was served. May they have a long and prosperous life.

Last Wednesday afternoon, Mr. B. J. Broadus and Miss Edna Ballew were pronounced man and wife by Rev. C. K. Marshall, of this city, at the lovely country home of the bride's parents, Mr. and Mrs. George W. Ballew, at Terrill. The ceremony was beautiful and impressive. Only a few intimate friends and immediate relatives of the contracting parties witnessed the culmination of the happy event. After receiving the congratulations of the assembled guests, the happy couple drove to Richmond, where they took the 5:07 train for Cincinnati. They will visit several northern and eastern cities on their honeymoon trip. The bride is a charming and accomplished young lady and has many admirers. Mr. Broadus is the son of Mr. Jesse Broadus, a prosperous young farmer and popular with all who know him, and worthy of the fair young lady he won. On their return Mr. and Mrs. Broadus will reside on the groom's farm near Duncannon. The Climax joins their legion of friends in wishing them a prosperous and happy married life.

The new Way ~
A Hoosier Cabinet makes a Model Kitchen

Why Do 700,000 Women Own Hoosier Cabinets?

When you know that 700,000 women use Hoosier Kitchen Cabinets three times every day, doesn't it suggest to you that you need this drudgery-saver in YOUR kitchen?

Figure it out to yourself this way: Would they have bought these cabinets without convincing themselves that they SAVE MILES OF STEPS and hours of time? Would so many have bought them at all if users hadn't told others and thus influenced their friends to buy them.

Since this means that more Hoosier Cabinets have been sold than all other 128 makes of cabinets combined, isn't it proof enough that the Hoosier is the best cabinet on the market?

When you see how the Hoosier groups four cupboards around a large metal table and places 400 articles at your fingers' ends so you can sit down and work—AND REST while working—you'll want one of these "White Beauties."

Come pick one out today.

Berea.

Mr. George E. Anderson died of organic heart trouble at his home near Berea, on the Big Hill pike, Tuesday morning, the 28th ult. Mr. Anderson had been suffering from smothering spells, but was thought to be some better. On Tuesday morning he asked his two grown sons to walk out in the yard with him, and as they walked along he remarked that he was having another smothering spell. The young men at once picked him up in their arms to carry him into the house, but he died before he could be laid down. Mr. Anderson was born June 1, 1849, near Berea. He married Miss Eliza Johnson, February 20, 1875, and to them were born ten children. He had for many years been an active member of the Christian church and was a thoughtful neighbor, a good man and upright citizen. The funeral services were held at his late home Friday, conducted by Rev. H. L. McMurtry. On account of awaiting the arrival of a daughter from Colorado, the burial was postponed until Friday, when the body was laid to rest in Berea cemetery. The bereaved family have the heartfelt sympathy of the entire community in their loss.

Mrs. E. M. Spence and Miss Sallie Lowen visited Mrs. H. C. Brewer, at Richmond, Sunday and Monday.

Prof. and Mrs. C. D. Lewis and family left last week for a visit to Mrs. Lewis' father, Mr. E. J. Godby, at Morehead.

Mr. Jos. Adams, wife, son and mother are here on a visit of a few weeks from Boulder, Colo. Mrs. Adams was called here on account of the death of her father, Mr. Geo. E. Anderson.

Mrs. Fred Cummings, of New York, is visiting her parents, Mr. and Mrs. Hardin Golden, for a few weeks.

Mr. and Mrs. Wm. Duncan and family spent Sunday with Wallace Lutes and family.

Miss Belle Egle, of McKee, is visiting her sister, Mrs. Granville Hays, for a few days.

Chicken Thieves.

On Monday night last Mr. Joe Wagers, who lives near Waco, had a close call and at the same time caused some chicken thieves a similar experience. About 12 o'clock he was awakened by hearing two pistol shots. Hastily arising, he started to ascertain the cause of the shooting. He met his wife on the stairway and she thought the shooting had been done by her husband. Four more shots quickly followed and, upon investigation next morning it was discovered that the thieves had taken the trunk of a tree standing near the poultry yard for Mr. Wagers, as several bullets were discovered imbedded in it. As ill-luck would have it, the pistol which Mr. Wagers seized had not been used for so long that it would not fire and the automatic shot gun was also out of order. The thieves made their escape and the next morning Mr. Wagers found the tracks of two wagons in the road. It is needless to say that Mr. Wagers' pistol and gun have been put in order and nicely polished. It is also useless to say that the 300 or more chickens which Mrs. Wagers possesses need feel no alarm, for as sure as the thieves again visit that locality they will be met with a warm welcome.

Reduction in Ford Cars.

The production of Ford cars for the past 12 months is placed at 300,000 and the announcement is made that prices on these cars are to be reduced from Aug. 1st this year to Aug. 1st, '15, the following prices to prevail in the United States:

Runabout.....\$440
Touring Car.....\$400
Town Car.....\$600

All cars are fully equipped and are quoted f. o. b. Detroit, Mich. These prices are guaranteed against any reduction during the coming year.

In addition to the above reduction of \$60 per car, the Ford Company agrees to (on or about Aug. 1, '15), pay as a share of its profits from \$40 to \$60 per car to every retail buyer who purchases a new Ford car between Aug. 1, 1914, and Aug. 1, 1915, provided an output of 300,000 cars is reached between those dates.

Mr. Frank Chase, of the Madison Garage, agent for the Ford, has the following to say regarding the new policy of his concern: "The profit-sharing with the retail buyers will be possible only by our output reaching 300,000 cars, thus decreasing our factory costs and selling costs and increasing our buying power to such an extent that we will be able on Aug. 1, 1915, to pay to every retail buyer \$40 to \$60 in addition to the cut in price made at this time. An output of 300,000 Ford cars in the next 12 months is not an abnormal increase over this season's business—as evidenced by the fact that during the past 12 months we have sold 221,888 cars, and at considerable higher prices than the new prices quoted above."

Commercial Club Suit.

For some months past the Richmond Commercial Club has been making investigations as to the excessive freight rates paid by Richmond and Madison county merchants as compared with the rates paid by other towns and cities in Central and Eastern Kentucky. It soon became evident on investigation that Richmond rates were considerably higher than other points about the same distance from shipping points. Records have been looked into and facts gathered and the matter brought before the Interstate Commission, 60 railroads and steamship companies being made defendants, and the Richmond Commercial Club, composed of merchants and business men of this city, being complainants. Similar action was taken some months ago by the Commercial Club of Lebanon and by other clubs in the State, resulting in lowering of rates. Those in position to know say there is little or no question but what the suit by our Commercial Club will result in lowering of rates and the saving of many thousands of dollars to the merchants of our city and county. Messrs. Greenleaf and Herrington are the attorneys for the local Commercial Club.

HON. J. C. W. BECKHAM

BECKHAM WINS

Majority Increasing, With 12 Counties Unreported.

Additional returns received by the Courier Journal from Saturday's State-wide primary cut former Gov. J. C. W. Beckham's lead over Congressman A. O. Stanley's long-term Democratic Senatorial nomination by 33 votes to 2,555. Most of the counties are in Tenth and Eleventh Congressional districts. According to reports from all but less than a dozen counties, Beckham has a total vote of 62,438; Stanley, 59,883; McCreary, 18,104.

Twelve counties reported Monday fail to make any material changes in any of the races. Indications are that former Gov. A. E. Willson has won the Republican long-term Senatorial nomination from R. P. Ernst, of Covington. W. Marshall Bullitt, of Louisville, also has a long lead over his opponent, Fitzpatrick, for the short-term Republican nomination for the Senate.

The additional returns received only add to the big plurality received by

Johnson N. Camden, of Woodford county, for the short-term Democratic nomination for the Senate.

While the full returns are not in and the final count may show some slight changes, there seems to be no doubt of the election of J. C. W. Beckham.

CONGRESSIONAL RESULTS.

The Congressional races in the various districts resulted as follows: Congressman Alben S. Barkley, of Paducah, won easily in the First district.

In the Second district Judge David H. Kincheloe, of Hopkins, made a run-away race of it, defeating his opponent by an

overwhelming majority.

Congressman R. Y. Thomas, Jr., of Muhlenberg, won his renomination in the Third district.

Congressman Ben Johnson, of Nelson, again romped home with victory in the Fourth district.

Congressman Swager Sherley won in the Fifth or Louisville district.

In the Seventh district Congressman J. Campbell Cantrill, of Scott, against whom a bitter fight was made, again emerged the victor, defeating Claude M. Thomas, of Bourbon, for the Second time by an overwhelming majority.

Congressman Harvey Helm, having no opposition in the Eighth, was declared the nominee by the Committee some weeks ago.

Congressman W. J. Fields, of Carter, in the Ninth district, won easily over his three opponents.

Much interest was taken in the race for the Republican nomination for Congress in the Eleventh district between Caleb Powers, of Knox, and State Senator J. F. Bosworth, of Bell. Bosworth ran well at home, receiving over 1,000 majority in Bell, but Powers won easily in the district.

HURT DEFEATS HOBSON

The race for Judge of the Court of Appeals in the Third district was another contest that attracted much interest. In this race Judge Rollin Hurt, of Adair county, won the nomination over Chief Justice J. P. Hobson, of Harlan, who is completing his second term of 16 years.

Even in the cities the vote fell far below the normal party strength. This applied equally to the Republicans and Bull Moose.

GOVERNOR RESIGNED.

A special from Frankfort says that Gov. McCreary is as complainant as if he had won, and issued a statement of the day following the election in which he offered his services to the party in the campaign. He said: "My friends two days before the election informed me that I would have large majorities in Louisville, Covington, Newport, Lexington and other cities, but on the day before the election the lines were drawn very close between Stanley and Beckham on certain issues, especially on the temperance question, and my majorities were transferred. There were a number of counties where the same work was done.

"I have no animosity to any person and I am thankful to my Democratic friends and supporters for the thousands of votes cast for me. I am especially gratified that my home county, Madison, gave me a thousand majority over both of my opponents. I expect to return to Richmond when my term as Governor expires. I will congratulate the candidate for U. S. Senator, the long term, as soon as I ascertain certainly who has been nominated, and I will stand ready to vote for the nominee and make speeches in his favor before the November election."

The State Board of Election Commissioners will meet in Frankfort August 15 to canvass primary returns and will meet again on August 20th to appoint county election commissioners for the ensuing year.

ELECTION NOTES.

Hardly 50 per cent. of the vote was polled.

Impossible to get official returns. Figures we give are practically correct and any changes made will not affect the results.

Reports from every point in the State say that the election went off quietly, not more than half the vote being polled. There have been no reports of fraud.

Pulaski is the banner Beckham county in the State. It gave him the biggest majority of any county. His plurality over Stanley was 515. The vote was: Beckham, 943; Stanley, 98; McCreary, 88. Very Light vote.

Hustling Cash Store Robbed.

Saturday at the close of business the store of Hamilton Bros. was securely locked back and front as usual. It so happened that none of the proprietors entered the house Sunday. Upon opening Monday morning it developed that the house had been entered and goods taken. The thief clothed himself from head to foot, underclothes, shoes and all departed leaving behind his old "duds." Evidently the thief knew where to go to get good stuff as he took the best there was in the house, a \$5.00 pair of shoes among other things. There is no clue to the robbery. The thief must have gotten possession in some way of a key to the door.

European War.

War involving practically all of Europe seems now certain. All the great powers are involved and the bloodiest war in history is predicted. While England has not yet defined her position, it seems certain that she will become involved. Public sentiment there evidently favors war. The U. S. Government has not been asked to mediate. President Wilson addressed a statement to the people of United States asking them not to allow themselves to become alarmed over the foreign situation. As a result of the European situation the money markets of the world are more or less disturbed and interest rates have advanced.

Both Houses of Congress have passed the bill designed to protect American commerce, known as the Emergency measure, unlocking more than a billion dollars of currency, and the House passed the bill waiving restrictions on American registry for foreign-built ships to assist trans-Atlantic commerce. Both Houses passed a bill appropriating \$250,000 to be used by the President to care for Americans stranded in Europe.

DEATHS

Mr. Stephen Dunn, aged 90, died at the home of his daughter, Mrs. Josie Haggard, in Clark county, last Friday, after an illness of five months, from the infirmities of old age. He was the father of Mrs. Ralph Flynn, of Valley View, this county.

Monday evening, August 3, at his home on the Barnes Mill pike, Lodell DeJarnett died in the twenty-third year of his age. He was the youngest son of Mr. and Mrs. Samuel W. DeJarnett. In January last he married Miss Bertha Hayden, daughter of Mr. and Mrs. Luther Hayden, of this county. Some two months after marriage he was taken sick and sarcoma of the throat and neck rapidly developed. The Radium treatment was given a thorough trial at a Baltimore hospital but to no avail. Returning six weeks or more ago he grew worse until death came to his relief. He was an excellent young man and besides his wife, father and mother, two brothers, George and Virgil, leaves a large number of close relatives and friends. After funeral services at his late residence yesterday afternoon his remains were laid to rest in the Richmond cemetery.

First Dose of Wonderful Treatment Shows Results After Years of Suffering.

Many Kentuckians have found swift relief from disorders of the stomach and intestinal tract by the use of Mayr's Wonderful Stomach Remedy.

Here are statements taken from the letters of two Kentucky people who have used the remedy:

W. H. CLARKE, Central City, Ky.—"The medicine has done my wife a world of good and she has been suffering with stomach trouble for years."

MRS. BELLE HAWKINS, Eminence, Ky.—"I have taken all the medicine. I don't think I need any now, as I think I am well. I never felt better in my life."

From all over the country come thousands of just such letters. This wonderful remedy shows results, safely, and with the first dose.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare that it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitations, so be cautious. Be sure it's MAYR'S. Some Widows!

An American man who committed suicide in London is survived by 8 wives, but it would be exaggerating, perhaps, to say that he is mourned by the entire 8 widows.

How About It?

When farm hands are so scarce in the West that a Nebraska farmer offers \$3 a day, good board, washing, mending, besides the chance to wed one of his daughters, with every one of whom goes 160 acres of land the wails of the agitator over the "starving millions of unemployed" seem rather ridiculous.—Baltimore Sun.

Helm Breaks the Record.

Congressman Helm broke all records for expense in obtaining the Democratic nomination for re-election to Congress this year, according to his statement filed with the department at Washington. He expended the sum total of \$2 in his campaign. With the Republicans hopelessly divided and the nominees representing the old guard, as well as the progressive party both in the field, he should not be called on to make a much greater outlay in the general election in November.

The Case of L. L. Cantelou.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "After trying a doctor for several months, and using different kinds of medicine for my wife, who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

Same Way With The Climax

No, we can't tell it all. No paper ever did, or ever will. It matters little how particular we are, we are bound to find each week, after the paper goes to press, that we have missed several items of news. We should like to publish all the news every week, however, and could and would do it if the people were half so particular to see that we knew about their goings, comings or doings as they are in noting whether or not it appears in print. We want the news and will appreciate any help extended to us in this direction.—Harrodsburg Herald.

How To Cure a Sprain.

A sprain may be cured in about one third the time required by the usual treatment by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

Big Real Estate Deal.

Col. D. L. Moore, of Mercer county, trustee, sold on the 17th inst., through the W. T. Ewing Real Estate Agency, for Mrs. Wallace Bartlett, of Lawrenceburg, her fine 600-acre farm on the Hanly pike for \$78,700, cash or equivalent. Mr. W. H. Carson, of Danville, was the purchaser. This is a little over \$130 per acre and is one of the biggest real estate transactions that has occurred in Mercer county for a long time. The land, which is rich and well-improved, has been rented to Bonta Brothers for several years. The Ewing Agency also sold for Mr. J. J. Ransdell his 55-acre farm on the Cornishville pike to Mr. C. M. Scott, of Anderson county, for \$5,500.

WHEN YOU ARE NERVOUS

you have the first symptom of a run-down system, and nervous people too often conceal their aches and pains and suffer in silence, while, if neglected, this condition often becomes more serious trouble. If those so afflicted would stop taking medicine containing alcohol or drugs which make the foundations of health, and just take the pure, strengthening nourishment in Scott's Emulsion, it would create new blood to pulsate through the organs, refresh their bodies and build up the whole nervous system. It is rich, sustaining nourishment, free from wines, alcohols or drugs. Shun substitutes.

The School Per Capita.

The school per capita for the scholastic year of 1914-15 will be \$4.50 for each pupil. The per capita was announced recently by Barksdale Hamlett, Superintendent of Public Instruction, who stated that it is the highest within the history of this State. When President J. G. Crabbe, of the Eastern Normal School, was Superintendent of Public Instruction, the per capita for the year 1911-12 was \$4.40, the highest ever reached before that time. The per capita is based on school revenues amounting to \$3,061,544. At the beginning of the present fiscal year there was a balance of \$637,000 in the school fund. There are 730,000 pupils of school age in this State. They are taught by 11,000 teachers.

Summer Constipation Dangerous.

Constipation in summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Typhoid, Poisoning and other ills are natural results. Po-Do-Lax will keep you well, which rids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose tonight. 50c at your Druggist.

Rowan Teachers on a Jaunt.

Forty Rowan county teachers enjoyed a trip to Niagara Falls during the early days of July, through the courtesy of the Kentucky Federation of Women's Clubs, in recognition of their services as pioneer teachers in the Moonlight Schools of Rowan county. A banquet was given the party at the Grand Hotel in Cincinnati, and a moonlight fete was enjoyed at Niagara. Buffalo, Detroit and Toronto were other points of interest visited by these volunteer school teachers in the Moonlight Schools, which are now becoming so popular in this State.

HURRAH! THEY'RE HERE

From Hot Springs, Arkansas.

Gentle, blissful, wonderful workers, Hot Springs Liver Buttons surely are: take one tonight and free the bowels from poisonous waste and gas. You'll feel bright and happy to-morrow. All druggists, 25c.

Be sure and get some, for besides being a wonderful laxative they are a great system tonic. They give you a keen appetite and rid the blood of impurities.

Hot Springs Liver Buttons, Hot Springs Rheumatism Remedy and Hot Springs Blood Remedy are sold in Richmond by the Richmond Drug Co.

Some Job!

That Alabama evangelist who says he is going to "burn hell out of New York" will find on arrival upon the scene of action that there is a hell of a lot of it there awaiting to be consumed!—Lexington Herald.

As to The Dog.

"My dog understands every word that I say."

"Um!"

"Do you doubt it?"

"No, I do not doubt the brute's intelligence. The scant attention he bestows upon your conversation would indicate that he understands it perfectly!"

Kentucky Crop Loan.

Mark Twain's Philosophy.

When in doubt, tell the truth. Noise proves nothing. Often a hen that has merely laid one egg cackles as if though she had laid an asteroid. Pity is for the living; envy is for the dead.

The spirit of wrath—not the words—is the sin, and the spirit of wrath is cursing. We begin to swear before we can talk.

Let us be thankful for the fools. But for them the rest of us would not succeed. Men is the only animal that blushes—or needs to.

"Classic"—a book which people praise and don't read. "Nothing is so ignorant as a man's left hand, except a lady's watch."

Few of us can stand prosperity—another man's, I mean.

Let me make the superstitions of a nation and I care not who makes its laws, or its songs, either.

There are two times in a man's life when he should not speculate—when he can't afford it and when he can.—From Puddin'-head Wilson.

The J. R. Azbill Stable Will Continue Business.

Reports have been circulated that the stable conducted by my late husband, J. R. Azbill, will close. Such a course has not been considered, but my sons and myself expect to continue the business as before. Our horses and vehicles are the best in town, and we give special attention to the accommodation of traveling men. Our lady customers will find our well furnished waiting room a great convenience.

Thanking all our friends for their patronage in the past and soliciting a continuance of the same, I am Respectfully,
MRS. J. R. AZBILL,

Conscience Money.

J. F. West has received a check for \$10 from a man in Clay county, who wrote that Mr. West had paid him that amount too much in a settlement for some timber at Valley View about ten years ago. The remitter stated that he knew at the time of the mistake that he was in the wrong, but he did not care how he got hold of money, but says he has changed his mode of living and felt it his duty to refund the money.—Irvine Sun.

THE FARM BOYS OF KENTUCKY

Distinction and a Delight to Represent County at State Fair

FUTURE "BONE AND SINEW"

Of a Great State Counting the Days Between Now and the Encampment To Be Held on Fair Grounds—Competitive Examinations.

The future "bone and sinew" of the state, the farm boys of Kentucky, are already counting the days between now and the encampment to be held at the Kentucky State Fair, September 14-19.

This annual encampment vies in the estimation of the youngsters with even the red-tailed epochs, Christmas and the Fourth of July, and all over the state there are myriads of farm boys with hearts filled with eager hope that the competitive examinations by which they are selected will win for them the honor of being chosen as delegate to represent their particular county.

Application blanks for this competition are mailed out by and are to be returned to State Fair Secretary J. L. Dent by or before August 1. The only stipulations made in this contest are that the boy be engaged in active farm work, between the ages of 15 and 18 years, and of good moral character. Any boy who has been enrolled in a college of agriculture is, of course, barred. The successful applicants will be selected by an examining committee from the State Board of Agriculture and of the faculty of the agricultural college.

The boys, during their encampment at the Fair, are regarded as guests and wards of the management and everything possible is done to make their trip a memorable one, as well as of inestimable benefit to them from an educational viewpoint. They are taken on tours through the Fair, where they enjoy lectures by authorities on various subjects of agricultural and mechanical science, are taken on excursions through the industries and show places of the city, and are furnished with every comfort and amusement possible.

It will be optional with the farm boys of this year's camp as to which class they will enter in the judging contests, and two handsome gold watches have been donated by W. A. Burnett, of the Bourbon Stock Yards, as prizes for the winners in both the dairy cattle and beef judging contests.

RAIN OR SHINE HE BEATS THE BIRDS

Lincoln Beachey Flies Up-side-down, Loops-the-Loop, Makes 2,000 Feet Spirals and Races Auto Just Ten Feet Above Earth.

Rain or shine, wind or calm, Lincoln Beachey, the up-side-down bird-man or loop-the-loop wonder, who has been engaged for one day only, Saturday, September 19, to give two exhibitions at 3 and 4:30 at the twelfth annual Kentucky State Fair, will go through the entire performance which has made him an absolutely unique figure in the world of aviation.

Beachey seems to be able to successfully defy the elements and where other airmen decline to even take a chance, this intrepid aerial wonder apparently seems to revel. In fact, he claims that a calm day takes from him all joy in a flight and where his compatriots loop the loop at a distance requiring field glasses, Beachey makes his blood-curdling whirr so close to earth that his face may be plainly seen. He flies as easily up-side-down as he does right side up and declares that he is taking more chances in his dare-devil race with a speeding automobile than he does high above the earth, for in this race he flies so low that an upraised hand may almost reach him, and if anything went wrong with his machinery it would mean a disastrous smash, whereas if at a sufficient height he burns defiance at fate and expresses himself as well able to take care of himself.

Beachey started his flying career as a pupil of Glenn Curtis and astonished this celebrated birdman by "taking it on himself" to fly under the suspension bridge, spanning the most dangerous rapids of Niagara Falls while under Curtis's tutelage. A few weeks later Beachey entered the great Chicago meet and won international fame by breaking the world's altitude record during a wind which frightened other competitors from the field.

Beachey will give State Fair visitors the full benefit of his repertoire during his special one-day engagement scheduled as climax to the greatest celebration in State Fair history.

RAILROAD RATES TO STATE FAIR.

Railroad rate of one fare plus 25 cents for round trip from all points in Kentucky has been secured by the Transportation Committee of the State Fair. It is estimated that a quarter of a million people will take advantage of this rate.

The Twenty Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.

Dear Amy: John and I will have our tenth wedding anniversary next Wednesday night. I want you and Bob to come. John told me the other day that he was more my sweetheart than ever. We had just made a good business deal and said I could have anything I wanted. I made him buy me new furniture and new rugs to replace what was worn out. I don't believe in having old things in the house, do you? Your old friend, Lou
